

ADDRESSING THE NEEDS OF OUR CUSTOMERS FOR OVER 50 YEARS.

Rotary was founded in Detroit, Michigan, as a division of Safran Printing Co. in 1955 and at that time was known as Rotary Manifold Forms. Then in 1982 a group of employees purchased the Detroit division and changed the name to Rotary Multiforms, Inc (RMI). Supplying quality products and services is one of RMI's key philosophies.

Our attention to detail and extensive product knowledge has helped RMI become one of the largest print service companies in the nation. Keeping to these core philosophies Rotary has developed a diverse customer base encompassing Fortune 500 companies and small independent firms across the country.
